2008 Stroke Training Courses

For Health & Social Care Staff

Introductory Course in Stroke Care (Part 1)

Target Audience:

All health and social care staff who work with stroke patients and their carers.

Aim of Course:

To facilitate the learning of core skills and knowledge of health and social care staff working with people affected by stroke.

Outcomes:

By the end of the course participants will:

- have increased their knowledge and skills about stroke
- be able to select and apply this to their own work practice
- have refined their learning into specific objectives
- have identified areas where further learning needs to be developed
- have examined their own work practice.

Outline of Course Programme:

Day 1

- What is a Stroke?
- Knowledge/Skills workshop
- The Patient Journey & Organisation of Stroke Services
- Swallowing & Stroke
- Nutrition & Stroke

Day 2

- Experiential Workshop
- What is communication?
- Activities of Daily Living & how to help
- Physical Management in Stroke
- Assessment of Physical Ability

Follow Up Day

- Case Study
- Continence Promotion & Management after Stroke
- Skin Care after Stroke
- Stroke Liaison Nurse Role
- Rehabilitation & Prognosis for Recovery

Outcomes:

By the end of the course participants will have:

- examined and reflected on their knowledge and skills about stroke
- increased their core knowledge and skills about stroke from the Introductory Course (Part 1) if applicable
- identified areas where further learning is required
- identified areas in their own clinical practice where improvements/changes would be beneficial.

Outline of Course Programme:

Day 1

- Stroke - Classification, Management & Secondary Prevention of Stroke
- Perceptual & Cognitive Problems after Stroke
- Ng, PEG & Enteral Feeding
- Clinical Reasoning in the Physical Management of Stroke
- Managed Clinical Networks Guidelines for Practice

Day 2

- Identifying the Issues of Stroke
- Living with Aphasia
- Knowledge & Skills Workshop
- Psychological Aspects in Stroke Care
- Hospital to Home

Follow Up Day

- Interpersonal Skills & Values
- Ethical Issues
- Spirituality
- Sex and Sexuality in the Couple Following Stroke
- Team Working

Advanced Study Days

These are aimed at experienced health and social care staff working with stroke and/or those who have completed the Introductory Course (Part 1) and Intermediate Course (Part 2), if appropriate.

Specifically Designed Study Days

These can be organised to address the learning needs of particular staff groups.

Intermediate Course in Stroke Care (Part 2)

Target Audience:

All health and social care staff who have completed the Introductory Course in Stroke Care (Part 1) or who wish to expand on their core knowledge and skills.

Aim of Course:

To further build on core skills and knowledge of health and social care staff working with people affected by stroke.
