

Pathway to a Mutual Organisation

Information Days

Inform the public about the work of the network and how they can get involved.

Mail/Email Social Media Virtual Network

Collect contact details of those interested in getting involved in mail, email and social media forms of communication and consultation

Discussion Groups

Invite public to meet to discuss specific subjects or topics. These can be virtual or face to face and can also include the use of video conferencing.

Public Involvement Sub Groups

Encourage those from discussion groups and open days to form or join a Public Involvement Subgroup, offering user involvement training where possible. This can also include the use of video conferencing.

Open Days

Encourage partnership working by involving the public regularly and asking for suggestions and providing feedback.

A Mutual Organisation
