1. Introduction to Chest Heart & Stroke Scotland

NO LIFE HALF LIVED

Everyone has the right to live life to the full. After a diagnosis of a chest or heart condition or a stroke, many people experience fear and isolation and struggle with the impact on their lives. Chest Heart & Stroke Scotland won't stand for that. The care and support we deliver every day ensures everyone can live the life they want to.

Our Vision: welcome to a Scotland where people with our conditions can live their lives well. Full lives, with the right support, at the right time and in the right place. A place where you can shape your future and live the life you want to lead.

Our Mission: welcome to a community where people can support each other, secure the expert help they need and collectively advocate for the care that matters to them. Welcome to the charity that never underestimates the power of a cup of tea, a conversation started, a recovery begun.

No Life Half Lived means we need to listen to people with our conditions and deliver well for them. We have identified four goals to get us there.

We will place our focus on **addressing the unmet needs** of people with our conditions - social, emotional, and physical - across all Scotland's communities.

We will be **led by our people:** people with lived experience of our conditions, their families & carers, friends, colleagues and healthcare professionals.

We will secure the **funding required to deliver via a diverse income portfolio that is consistent with our values** and ethical approach.

We will be **effective and accountable** in all that we do.

We have developed six values to guide us in delivering against our goals:

Agile: we will be able to adapt to the needs of our people and the environment we work in.

Innovative: we will look for improvement in what we currently do and be creative in developing new services.

Inclusive: we will adopt a human rights based approach to our work and ensure we are accessible.

Accountable: we will take ownership for our work and hold decision makers to their responsibilities.

Collective: we can only achieve our goals by working together and learning from each other.

Courageous: we will say what needs to be said and do what needs to be done to meet our goals.
