

Need for **research** participants

1. Research title

	<p>How to organize words</p>
	<p>in communication aids</p>
	<p>for people who had a stroke</p>

2. Research information

 	<p>Stroke damages the brain</p> <p>Stroke may cause language difficulties (aphasia)</p>
 	<p>People who have aphasia may use other ways to communicate</p> <p>They may use gestures</p>

They may **write words** or **draw**

They may use **communication aids**

Communication aids may have **pictures**

The **pictures** are usually in **grids**

Many **people** who have **aphasia** find these grids **difficult** to use

We want to **help** make **grids easy** to use

We will **study** how **you think** about **words**

It may **help** in **organizing words** in **communication aids**

We **don't know**

We will **do** this **research** to **find out**

3. Participants will ...

	have a quick interview about their aphasia
	sort picture cards
	look for pictures on an iPad retell a story using these pictures

4. Other information

	We will pay for your travel
